

## AZARA COLLECTION UNIQUE PERSONALISED GIFTS

Grasing Board Design Selection, just add your personalised touch.

Hardwood Grasing Board Range. Choose any design for any board.

Your next event could be the envy of others with our unique personalised grazing/chopping boards. Our grazing/chopping boards can be engraved with a suggested phrase or your unique words to make the heart of your home, a style all your own. If giving a board as a gift, it becomes heart-felt and completely personal to them. You can choose from a range of designs and boards light or dark grain, in many sizes, to find the perfect look for you.

Timbers available for our boards: Acacia Wood, Hardwood and Rubberwood.

Email the below information for your order to [azaracollection18@gmail.com](mailto:azaracollection18@gmail.com):

Your chosen design Item number, personalised name or message, colour of material, your full name, address, (for a courier if required), phone number, email address and due date.

We will then email you an invoice for payment, then send you a proof for your approval before production  
Please email us or call Tori on 0411 571 545 for any enquiries.

Hardwood is famous for beautiful flooring due to it's durability and strength that lasts for over a hundred years if cared for. Our solid Hardwood boards have the same gorgeous fine grain and durability due to it's hardness. When we engrave Hardwood, we are guaranteed to have a beautiful black engraved result on our board design, or inscription due to the fine grain and hardness of the timber. The grain is even in colour, without much variation from board to board. As our Hardwood boards are SOLID without any joins, you will have them in use for many years to come.

**Rubberwood Grasing Board Range.**

Rubberwood (Hevea brasiliensis) is light wood that comes from rubber trees which produce latex, the raw material used in the manufacture of natural rubber. Rubberwood is commonly advertised as an "environmentally friendly" wood, as it makes use of plantation trees that have already served a useful function. Rubberwood is durable, strong, tough and resilient. If well-cared for, it should last for 20 years or more. Display the designed front in your kitchen with the added advantage of chopping on the back when preparing your family meals.
